

You are invited to Apply for 3CSN's 10th Annual Summer Leadership Institute!

BSILI-Leadership for Curricular and Institutional Transformation

June 10 - 15, 2018

UCLA Conference Center, Lake Arrowhead

Send a College, District, or Regional Team of 3-4 to the beautiful UCLA Conference Center in Lake Arrowhead—with all lodging, meals, and tuition covered by 3CSN

In this year of systemic change across our 114 colleges, BSILI offers dedicated time, space, and support for teams to discover, dream, design, and implement curricular and institutional transformations. Bring your initiative, plan, program, or idea to the mountain and we will all work together on building essential leadership capacities to assist your college in increasing student access, success, equity and completion. These essential leadership capacities are rooted in:

- Equity-mindedness
- Integrated Planning
- Powerful Professional Learning
- Transformation
- Building Communities and Networks within your college and across colleges

Beginning with their participation in BSILI, colleges will receive a year-long, wrap-around support package consisting of inclusion in one or more of 3CSN's Communities of Practice, as well as on-site training, ongoing coaching and technical assistance, faculty innovation scholarships, and other resources that will help your college increase student completion and success.

If you are interested, please send a brief email requesting an application to Deborah@3csn.org.

Application requests must be received no later than April 6, 2018.
